

NYU CAME IN EMPTY HANDED ON 8/24.

JOIN US AT BARGAINING TO DEMAND THEY STOP PLAYING GAMES.

Once again, NYU's actions speak louder than their words. Much to our disappointment, after we presented our contract proposal at bargaining, it became clear that NYU had arrived unprepared. They failed to present us with a proposal of their own, and instead took the opportunity to once again whine about having to pay non-League rates for our 1199 Benefits. Let's be clear: The Fund trustees, including NYU's Carmen Suardy, adopted the rate structure. NYU still seems to think that the rules they were a part of establishing don't apply to them.

Enough is enough. NYU is one of the richest health systems in New York City, and they made the decision to leave the League of Voluntary Hospitals. We know they can afford to pay for our healthcare. Instead of crying poverty, they need to present us with a fair contract proposal.

NYU claimed that they left the League to do better by us, their employees. Now we need to hold them to it. We need all hands on deck to win a fair contract with NYU!
