

**VACCINATION
YES**
**MANDATE
NO**

1199SEIU encourages all members to get vaccinated for their own health and safety.

Vaccine mandates are unjust, unnecessary, and dismissive to the concerns of healthcare heroes.

WE BELIEVE:

- Healthcare workers have the right to make personal health decisions.
- Vaccine mandates disregard deep-seated fears instilled by our country's history of non-consensual medical testing and mistreatment of racial and ethnic minority groups.
- Enhanced COVID-19 testing and continued masking for healthcare workers who choose not to be vaccinated provides adequate protection for patients and employees.
